EDUCATION

BITS, Balaji Institute of Technology and science, Warangal — **2020 – 2024**
*B.Tech - Electronics and Communication Engineering(ECE) - **CGPA - 6.2*** — *Warangal, Telangana*

SR Junior College, Warangal — **2018 – 2020**
*Intermediate - Mathematics, Physics, Chemistry(MPC) - **CGPA - 8.5*** — *Warangal, Telangana*

EXPERIENCE

Full Stack Developer Intern — **August 2025**
Unified Mentor.in (Online) — *Hyderabad, Telangana*

- Completed a Full Stack Developer Internship focusing on modern web application development.
- Gained hands-on experience with both frontend and backend technologies, working on real-world projects and improving problem-solving skills.
- Worked with **HTML, CSS, JavaScript, React, Redux, Node.js, and Database** to build scalable and efficient web applications.

PROJECTS

Found.Here – Lost Found Gadget Platform ⧉ | JavaScript, Node.js, MongoDB — **July 2025**

- Built a full-stack web platform that allows users to report and search for lost or found gadgets with secure authentication and real-time notifications.
- Implemented file uploads, geolocation, and delivery options using **Multer**, **MongoDB**, and user-controlled interaction flows.
- Integrated an admin dashboard to manage reported items and user activity, ensuring a streamlined experience for recovery of lost devices.

AI-ChatBox Web Application ⧉ | HTML, CSS, JavaScript — **Mar 2025**

- Built an interactive **AI-powered chat application** using vanilla **JavaScript**, integrating with Google Gemini-AI API for real-time conversation generation.
- Designed a responsive UI with **HTML** and **CSS**, delivering a seamless user experience across devices and browsers.
- Implemented async API calls, loading states, and error handling to ensure robust and dynamic chatbot functionality.

Student-Mentor Booking Application ⧉ | HTML, CSS, JavaScript, Node.js, MongoDB — **Apr 2025**

- Developed a full-stack **Student-Mentor Booking Application** using **HTML**, **CSS**, **JavaScript**, **Node.js**, and **MongoDB** with features like authentication, appointment scheduling, and booking management.
- Implemented secure REST APIs and efficient database operations to handle student registrations, mentor details, and appointment tracking seamlessly.
- Designed a responsive and user-friendly UI and ensured scalable backend logic for smooth cross-device performance.

TECHNICAL SKILLS

Languages: Python, JavaScript, SQL
Technologies/Frameworks: HTML5, CSS3, React, Django, MongoDB, Express, Node.js, Tailwind CSS
Developer Tools: VS Code, PyCharm, IntelliJ, Canva, Figma

CERTIFICATIONS

- Full Stack Development - GeeksforGeeks
- Python Fundamentals - Great Learning
- Responsive Web Development with HTML5, CSS3, JavaScript - Infosys SpringBoard
